## ***micro CL-100 Self-Leveling Cross-Line Laser***

The **RIDGID® micro CL-100** offers an amazing value for a cross line laser. With a 'single knob operation' the micro CL-100 is very easy to use and helps you to get your leveling or alignment job done at the blink of an eye!

The micro CL-100 instantly projects a highly visible vertical and horizontal laser line to millimeter accuracy and automatically compensates for misalignments even at slopes of 6°. It can be used at an extended interior range of 30 meters and only needs to be setup once thanks to its integrated 360° swivel base.

The micro CL-100 laser comes packed in a rugged plastic carrying case and includes **laser enhancing glasses** and an **elevating tripod** for free!

<b>Product .....</b>	<b>RIDGID® micro CL-100</b>
