

Technisches Datenblatt

Kirsch Artikel-Nr. 21HA500B / 21HA750B

Hand dispensers for single sided PVC and polypropylene adhesive tapes. They are useful tools in every shipping department or office to seal cartons and parcels.

- Its one-piece frame is made of sheet steel (thickness 2 mm) and is strengthened by deep ribs. This grants a strong structure to allow efficient performances over a long period of time. It is coated by epoxy-polyester powder paint.
- The blade is made of steel and hardened. The special process of production gives sharp and strong teeth for an efficient cut of the tape. The hardening treatment improves the endurance of the blade. Pitch between teeth is 2 mm.
- The core holder is provided with brake, which is easily adjustable by a knurled knob. The brake is necessary for the use of tapes that unroll easily.
- The applying roller, covered by soft rubber, allows a perfect adhesion of the tape.
- The anatomic handle and rolls are made of ABS resin.

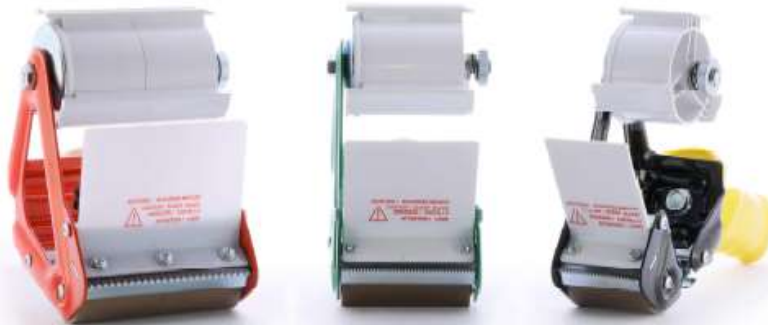

Technisches Datenblatt

Kirsch Artikel-Nr. 21HA500B / 21HA750B

- The plastic pressure plate is made of polyamide resin (PA) glass fibre reinforced. It allows flexibility and efficiency in performances over a long period of time.
- The tape locator plate remains permanently open during the loading of the tape. This permits an easier and faster change of the tape.

MEASURES AVAILABLE

Max tape width mm	Max tape mm	Core holder mm	Net weight Kg	Pieces / carton
50	136	3	0,625	10
75	136	3	0,785	8
100	136	3	0,960	5
