**Certification for Lithium-Batteries
for BOSCH Powertools**

concerning the transport according to the dangerous goods regulations of the
different transport modes as in force since January, 1st 2003
and latest changes effective from 2011

Each lithium ion battery manufactured or supplied by Robert Bosch GmbH for
the use in BOSCH power tools or gardening tools is of the type proved to meet
the requirements of each applicable test in the UN Manual of Tests and Criteria,
Part III, sub-section 38.3.

Each lithium ion cell used to manufacture these batteries is of the type proved to
meet the requirements of each applicable test in the UN Manual of Tests and
Criteria, Part III, sub-section 38.3.

All lithium ion batteries manufactured after December 31st, 2008 are marked
with Wh-value. The energy content of all batteries produced earlier is < 100Wh.
